

CAMPERS ON MISSION OF TEXAS

FEBRUARY 2017

I want to encourage all Texas Campers on Mission members to attend the **State COM Rally for 2017 at Highland Lakes Encampment**. The COM Rally will be on March 30, 2017.

We went to the last National rally in Springfield, MO. What a wonderful time to see all of our national friends and attend the national meetings. The Texans who attended were the Carters, Fiero, McCormicks, Richmonds, and the Singletons. We heard the kind of music that you usually only hear if you have bought a ticket to a concert and we heard outstanding gospel messages. We went away feeling that God (the Holy Spirit) had infused himself in us even more. We traveled to Branson, MO with the Kirgans and enjoyed a great time seeing some entertainment.

Region 3 took part in three projects in the Spring and three projects in the fall of 2016. We had a wonderful time at each project and look forward to the projects in the coming year.

It has been a wonderful 2016 for Campers on Mission in Texas. We are blessed by everyone of you and always look forward to the next time we will see you. We pray for good health and safety for this coming year.

Cecil McCormick

Paisano @Alpine, TX.

April 24th - May 4th

Plains Baptist @ Floydada, TX.

August 5th

Summer Get Together at Circle Six, Stanton, TX

REGION TWO - HENRY AND SHIRLEY RICHMOND

A turning point for Region 2 began in 2016. This Region is no longer able to encourage enough workers to do a project. Their last planned project was a Heart of Texas camp after the 2016 spring rally. There were only 5 people who worked. The men built 8 swings and 12 benches. The ladies sewed and made up balls of plarn (plastic bags) to make sleeping mats for orphanages and homeless people.

They are now working as individuals on projects like outdoor ping-pong table, shuffle board tables for Timberline camp and Chaparral camp. The ladies are working on plarn, quilts and soap bags for orphanages and the homeless. They have two couples living and working full time at Timberline and Heart of Texas Encampment.

The Spring Rally will be a Highland Lakes Conference Center, Spicewood, TX on March 30, 2017. The state-wide work project will begin on March 28 and run through April 8, 2017.

CAMPERS ON MISSION OF TEXAS WEBSITE

The website www.comoftexas.com is being maintained by Jimmie Snelson. It has been providing us with some new servants. Several new members have been added through the membership application on the website. Hopefully you have noticed that it has been updated on a regular basis. One feature on the website is a "members only" page. On that page the current membership list can be found in portable document format (pdf), or downloaded as an Excel spreadsheet. Another item on the page is a brochure you can print to share with potential members.

REGION FOUR - WAYNE AND EDDIE SELLARS

SPRING SCHEDULE FOR 2017

January 9th –20th

Pineywoods Encampment @ Woodlake, TX.

Highland Lakes @ Spicewood TX.

March 29th-April 1st

STATE RALLY

Highland Lakes @ Spicewood, TX

May 1st – 12th

Camp Tejas @ Giddings, TX

REGION FOUR WORK PROJECTS

September, 2016 project was in Palacios, TX. The Morrises, Rutledges, Phends, Sellars, and Jimmie Stripling did a great job working at Texas Baptist Encampment. The women painted in a couple of dorms, painted some railings and added wall paper removal to their resume. The men worked on some benches that needed to be cut down from 8' to 6'. They put up roof rafters, 2" x 6" facer board and 1" x 6" lathe on a dock out over the water in preparation for a roof.

October, 2016 project was at Newton, TX. The East Texas Baptist Encampment focus was on the enlargement the worship center. The women painted in various places around the camp.

November, 2016 project was at Pineywoods Encampment in Groveton, TX. The men worked on a duplex. The women painted on **two** small cabins that are going to be used as staff housing. They painted in the duplex and painted on the structure around the slide at the activity site.

Region 4 had 13 workers and 2040 hours of service for the fall of 2016.
